OVERVIEW

Prior to joining NTD in 1994, Mrs. Wu worked as a mechanical engineer in Beijing Internal Combustion Engine Company for two years. From the year 1994 to 2000, Mrs. Wu handled hundreds of patent applications as a patent attorney in mechanical field, including drafting, prosecution, reexamination and invalidation. She took the position of head of the Patent Administration Department in 2010 and has rich experiences in patent prosecution administration, especially in key points controlling. Owing to 25 years' experiences in client counseling and case handling, she has gained thorough understanding, observant insight and the strong abilities in solving various problems in patent prosecution for the clients.
